Aspects Shades incorporates premium high gloss door components. Finished with acrylic, these door components not only boast a supreme gloss level but also superior levels of scratch resistance. The pre-eminent choice, high gloss furniture doors do not get any better than this.

Edging Options

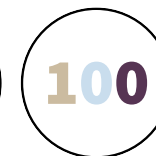

Mirror & Magnolia available with matching edging only.
All other colours available in matching or 3D glass effect edging.

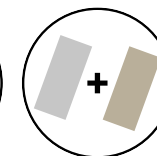

* Please note that although Acrylic Mirror has very close mirror qualities it is not real glass, therefore in certain situations it may not display the true reflection of a glass mirror. It is however a great substitute where concerns over breakages may occur.

PerfectSense Gloss exudes a sense of luxury

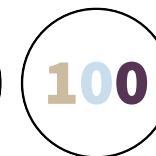

Gloss

Aspects PerfectSense Gloss is an ultra gloss surface that makes a bold statement of luxury. With the ability to reflect light, it can help make spaces feel brighter and bigger.

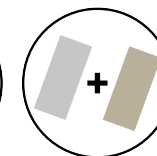

A smooth and flawless surface which results in a new level of reflection that allows you to create the kind of high-end look that was previously only achievable by using glass or acrylic. A high-end look must not fade, so we've added a unique UV coating that is both hard wearing and protective, to ensure PerfectSense Gloss shines longer. Previously, a high class, high gloss finish meant high costs and even higher maintenance. With PerfectSense Gloss that stops. It is now time to think beyond what was once impossible.

PerfectSense Matt creates an understated yet high value feel.

Matt

In the manic pace of modern day living, a sense of calmness has become something we increasingly associate with exclusivity. Aspects PerfectSense Matt is the epitome of this. Available in a number of muted tones it allows the simplicity of form to speak for itself and to create an understated, high value feel.

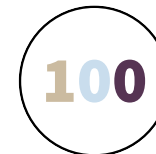

The velvet matt surface of PerfectSense is the complete opposite to more familiar high gloss surfaces and has been developed to meet the growing demand for high-quality, soft-look finishes that are starting to appear in the home. Available in a range of neutral colours, the special No-Fingerprint finish prevents smudges and smears appearing on even the most tactile of areas, such as handleless doors.
